Solving Word Problems

Solving Word Problems

Toolbox

Solving Word Problems

A **word problem** is a story with numbers that asks a question. Before you perform any operations, you need to make sense of the problem. On a test, word problems are not meant to be tricky. If you read carefully and choose a strategy that makes sense, you can find the correct answer.

Tip Hide

There is almost always more than one way to solve a problem. The right strategy is the one that works for you.
